

7th European Steel Technology and Application Days - ESTAD 2025

Wednesday 8 October 2025

Advanced High-Strength Steels (AHSS) & High-Strength Steels (HSS) Development - Mozart (14:40 - 16:00)

-Conveners: Andrea Di Schino

time	[id] title	presenter
14:40	[449] Advances in Steels for Stronger Body-in-White and Enhanced Safety	DEARDO, Anthony
15:00	[121] On the influence of EAF based steelmaking on AHSS	BERNHARDT, Jonny
15:20	[164] Development of High-Strength Dual Phase (DP) Steels with Enhanced Ductility	Dr OH, SEONGTAK
15:40	[22] Continuous Annealing and Galvanizing Line electrification: decarbonation as a new opportunity to produce HSS and AHSS by flash annealing	Dr BARBIER, David
