

# 7th European Steel Technology and Application Days - ESTAD 2025

## Thursday 9 October 2025

**Ironmaking Sintering & Pelletizing - Vivaldi (10:40 - 12:20)**

time	[id] title	presenter
10:40	[235] Practical Sintering Guidance System: Integrating Data-Driven and Transient Models	YASUHARA, Satoki
11:00	[140] TRANSinter – Sintering process role in the (partial) transition to the Direct Reduction Route	FOUARGE, Hubert
11:20	[472] Real-Time Iron Ore Quality Optimization in Sintering and Pelletizing Using Integrated Online Analyzer and Advanced Process Control Systems	Dr WEI, Wenjing
11:40	[402] Comparative mineralogical characteristics of different Iron Ores	RODRIGUES, Erica
12:00	[269] Cold Agglomerated Iron Ore Pellets Industrial Trial – High quality manufacturing and their performance in the Blast Furnace	WARREN, Peter
